STATINTL

SUBJECT: Employment of \_\_\_\_\_as Chairman, Security Committee, USIB

- 1. As the attached memorandum indicates, the AO/DCI has reviewed alternate methods of employing in order to try and pay him more than \$10,500 a year (the difference between his annuity and the pay of the position). After reviewing our regulations and coming up with the same conclusions as the AO/DCI, I talked to attorneys in the Office of General Counsel, Civil Service Commission, to see if they could think of a way to get around the pay-limits problem. I explained the facts as relayed to me by the AO/DCI, i.e., is a retired GS-18 under the Civil Service System (FBI) and is to be appointed to a position paying a GS-18 salary; he would work almost every day for between four to six months and then work only intermittently (about one day a week for the rest of the year).
- 2. Mr. Manny Schmidt (who works on personal service and independent contractor contracts) stated that [ STATINTL an employee (regardless of whether we called him a consultant or contract employee) or he was an independent contractor. Mr. Schmidt might be an independent contractor if he were employed felt to prepare a report for the Committee or to be a member of the Com-STATINTL mittee. Mr. Schmidt felt that it would be extremely difficult, if not impossible, to prepare a legal document that would cast I as Chairman of the Security Committee, into the role of independent contractor. A contract such as this probably would not withstand legal scrutiny, or pass the "smell test." We agreed that the Chairman iSTATINTL a policy-making or executing position and the responsibilities are simply not those of an independent contractor. Therefore,
